EDUCATION

WEB DEVELOPMENT @ HACKERYOU

Sept. 2017 - June 2018

Studied web development through HackerYou's web development bootcamp.

Developed a deep working knowledge HTML5, CSS3, JavaScript ES6, jQuery, Firebase, and React.

Developed strong understanding of development tools such as Git, Github, and Gulp.

Obtained working knowledge of Node.js through the part-time program.

Created several functional and dynamic apps.

WORK EXPERIENCE

FREELANCE WEB DEVELOPER

June 2018 - Present

Developed and deployed a dynamic and responsive website for a local esports organisation.

Developed and deployed a ranking leaderboard for a growing esports title.

Conceptualised and developed a web app to host paperless pub trivia nights.

STAFF WRITER @ SRKX PRODUCTIONS

May 2016 - December 2018

Wrote non-exclusively for gaming website Shoryuken.com

Reported on various competitions within esports

Interviewed several of the top players in the world.

Collaborated with my editors to create a popular series of player analysis articles.

ENGLISH LANGUAGE TEACHER

July 2015 - July 2016 @ GKI Schools (Seoul, Korea)

Sept. 2011 - June 2015 @ Qingdao Ewha Korean School (Qingdao, China)

Created a lively and engaging classroom for elementary school students to practice conversational English.

Collaborated with Korean English teachers to create a motivating learning environment.

Created and implemented newer and easier to format files to print for students' weekly writing practice.
